

NCPA Foundation's

Risk Assessment Survey For Independent Community Pharmacy

This Risk Assessment Survey sample is a valuable tool for independent community pharmacies to assess disaster preparedness. It helps pharmacies rank potential scenarios by their likelihood, impact, and the available warning time.

Emergency	Likelihood (1-5)	Impact (minimal/mod/severe)	Amount of Warning
Flood			
Hurricane			
Wildfire			
Tornado			
Winter Storm			
Extreme Cold			
Extreme Heat			
Severe Thunderstorm			
Earthquake			
Power Outage			
Landslide			
Pandemic			
Theft/Burglary
